

BRETT THURSTON

GUIDING GROWTH WITHIN THE DIGITAL LANDSCAPE.

<http://BrettThurston.com>

OBJECTIVE

I'm a digital designer turned web developer. I'm looking to advance myself within the web developer industry. I enjoy challenges that utilize my many skill sets. I want to grow with a successful company that has a friendly culture, strong work ethic and with one that takes pride in their work.

When I'm not freelancing, building websites or learning new programming languages I enjoy time spent with my wife and two kids. Reading good books along our beautiful Gulf Coast is a past time too.

EDUCATION

B.F.A. in Graphic Design with a minor in Photography.
University of South Alabama • May 9th, 2009.

TALENTS

- Wordpress, HTML, CSS, JavaScript, JQuery, Twitter Bootstrap
- Adobe Suite (strong in Photoshop and Illustrator)
- Google Analytics
- Film and Editing
- Photography
